

IN THE SPECIFICATION

On page 1 after the title, please insert the following paragraph:

--This application is a divisional of application no 10/216,724, filed on August 13, 2002, now, US Patent No. 6,685,955, which is continuation of application number 09/574,208 filed on May 19, 2000, now US Patent No. 6,440,415, which is based on provisional application no. 60/136,760, filed on May 28, 1999.--

Please add the following paragraph on page 6 between lines 20 and 21 as follows:

--Activated carbon is a well-known deodorizing absorbent and is defined in the Condensed Chemical Dictionary, Eighth Edition, revised by G. G. Hawley, 1971 as an amorphous form of carbon that is characterized by high adsorptivity for gases, vapors and colloidal solids. The Random House Webster's Unabridged Dictionary, Second Edition, 1999, defines it as a form of carbon having very fine pores; used chiefly for adsorbing gases or solutes, as in various filter systems for purification, deodorization, and decolorization.--
